

Rugged Beauty

1. The Lookout Mountain of the tourists. 2. A native. 3. A winding roadway. 4. Cascades along Little River. 5. An uprearing in the rock field. 6. De Soto Falls. The caverns during prehistoric times were fortified strongholds. 7. View from Tennessee River, showing the slanting skull formation of the man-shaped mountain. The "Battle Above the Clouds" was fought up the face of the incline, and across the top of the bluff.
